# TO OUR SUBSCRIBERS

---

The men and women who are responsible for the operation of the great property of the Wisconsin Telephone Company, supplying service to more than 175,000 customers, having in excess of 200,000 telephones, have come up from the ranks and are fitted for the task by long experience and training. Interesting facts concerning a few of those serving you are given below. These are typical of the entire organization.

---

M. A. Mattison, Manager at Menomonie, entered the telephone service in 1906 as station installer, repairman and assistant wire chief at Eau Claire. He was promoted to local wire chief at Menomonie in 1908, and in 1915 was appointed Manager.

Esther R. Radke, Chief Operator at Menomonie, entered the telephone service in 1915 as operator, later being promoted to traffic clerk, toll operator, and assistant chief operator. She was appointed Chief Operator in 1919.

Ernest A. Tjelson, Wire Chief at Menomonie, entered the telephone service in 1917 as station installer. In 1918 he was advanced to combination man and in 1919 was promoted to the position of Wire Chief.

P. J. Skolsky, District Manager, Wisconsin Telephone Company, Eau Claire, during the early days of telephone pioneering, 1880-1884, he had to do with construction and maintenance work in telephone, and helped to establish some of the first exchanges in Wisconsin, and the first long distance line in the State between Milwaukee and Racine, entering the telephone service in 1890 as a permanent career and since has been construction foreman, traveling state inspector, traveling auditor and in 1895 was made special agent to the general superintendent. He was appointed division superintendent in 1899 at Eau Claire and in 1905 became district manager.

Elmer G. Gilbertson, District Commercial Agent for the Wisconsin Telephone Company, Eau Claire District, began his career in the telephone business in March, 1917, as installer's helper with the Wisconsin Telephone Company at Eau Claire. He was then transferred to the positions of collector in Eau Claire commercial office and then as local manager of the Bayfield Exchange and from his position as manager in Bayfield to his present position of district commercial agent.

J. E. Bonell, District Traffic Supervisor of the Wisconsin Telephone Company, Eau Claire District, has been continuously in the employ of the company since his first taking up the telephone business. Starting at the Eau Claire Exchange as installer in the year 1906, he was successively lineman, repairman, local manager at Stanley, Menominee, Eau Claire and Kenosha, Wisconsin, and in 1918 was appointed district traffic supervisor with headquarters at Eau Claire, Wisconsin.

J. V. Young, District Wire Chief, entered the employ of the Wisconsin Telephone Company in October, 1896, in Milwaukee as a helper to switchboardman and also worked in the repair department and as an installer until 1898, when he was transferred to Eau Claire as an installer. He was successively exchange repairman, wire chief, temporary manager, district wire chief and in May, 1908, was appointed manager of the La Crosse Exchange where he remained until January, 1912, when he was transferred to the position of district service inspector at Madison, which position he held until May, 1913, when he was sent to Eau Claire as district wire chief, which position he now holds.

Lewis Zarbock, District Foreman, entered the service of the Wisconsin Telephone Company in the year 1883 driving a team for a crew that was building a toll line from Waukesha to Oconomowoc. He later worked as a groundman and from there has worked his way upwards to the various positions as lineman, assistant foreman, foreman, and in 1908 was promoted to the post of district foreman which he now holds.

(Continued)

---

W. R. McGovern, President and General Manager of the Wisconsin Telephone Company, a native Milwaukeean, has been in the telephone service, mostly in Wisconsin, for more than twenty years. He began as a draftsman in Milwaukee and served his apprenticeship in the various departments of the Wisconsin Company. He held different positions, such as equipmentman, construction foreman, equipment engineer and chief engineer. He later became chief engineer of the Central Group of Bell Telephone Companies, with headquarters in Chicago. Mr. McGovern returned to Milwaukee in 1919 as general manager of the Wisconsin Telephone Company and was elected vice president and director in 1920 and president in 1922.

Fred E. Chandler, General Traffic Superintendent, while a student in the public schools, was employed in 1897 during his spare time, on odd jobs around the telephone exchange at Dixon, Illinois. Continuous employment started on July 22, 1904, as a night plant inspector for the Chicago Telephone Company, Night Chief Operator, Chicago Toll Office, February 1, 1906. Toll Manager, September 1, 1907. Supervisor of Traffic, Chicago, Suburban Division, April 1, 1908. Division Traffic Engineer, February 1, 1909. Division Traffic Chief June 1, 1911. He came to the Wisconsin Telephone Company as Traffic Superintendent May 1, 1915. Appointed General Traffic Superintendent January 1, 1921.

W. D. Hobbins, Chief Engineer, began telephone work in 1890, when he entered the employ of the Wisconsin Telephone Company as operator and repairman, and continued at that work for about three years. He then left the service for about three years, being engaged in electrical light and power work. He returned to the Wisconsin Telephone Company in 1898 and his service has been continuous up-to-date. From 1896 to 1898 he worked as lineman, on construction and repair work, substation and central office installation, from 1898 to 1900 he was assistant construction foreman, and from 1900 to 1908 construction foreman in charge of work throughout the State of Wisconsin. He has worked in practically every exchange and on most every toll line of the Wisconsin Company. In 1908 he was transferred to the Engineering Department at Outside Plant Construction Engineer. In 1911 he was appointed Facilities Engineer. In 1912 he was appointed State Engineer and held that position until May, 1920, when he was appointed Chief Engineer. He designed and built the General Headquarters Telephone Building at 418 Broadway, Milwaukee, one of the finest buildings in the world and the last word in up-to-date and fire-proof features.

Leslie Killam, General Plant Superintendent, entered the service of the Bell Telephone System in April, 1896, as inspector. He held various positions in the East until 1900 when he went to Chicago as plant inspector. While in Chicago, he held among others the positions of wire chief, chief operator and traffic manager. In 1905 he came to the Wisconsin Telephone Company as chief clerk to the General Manager and was later promoted to the positions of Assistant to the General Manager, Plant Superintendent, and in 1920, General Plant Superintendent.

O. B. Koepke, Division Auditor of Receipts, entered the employ of the Wisconsin Telephone Company as rental bill clerk in June, 1889. He has successively held the positions of Cashier, Bookkeeper, Chief Clerk, and Auditor. He was appointed Division Auditor of Receipts July 1, 1911.

J. F. Krizek, Attorney, at the time a practicing attorney, began his career with the Wisconsin Company as Right-of-Way Agent in 1906. Shortly thereafter he was made General Right-of-Way Agent in charge of all its right-of-way and claim matters. In 1910, Mr. Krizek was appointed Commercial Superintendent, and early in 1911 was made Attorney for the Company, which position he now holds.

Frank M. McEniry, General Commercial Superintendent, began his career in the telephone business in 1900 as a lineman's helper, with the Bell Company at Rockford, Illinois, and was successively a lineman, installer, repairman, switchboardman, local manager at Warren, Galena and Moline, Illinois, and came to the Wisconsin Telephone Company in 1906 as District Manager at Racine, Wisconsin. He was also District Manager at Green Bay and was appointed Commercial Superintendent with headquarters at Milwaukee in 1911 and became General Commercial Superintendent in 1920.

# Helpful Suggestions

and

## Information for Bell Telephone Patrons

The Use of the Company's Lines is limited to communications between parties, both of whom are present at the telephone, and employees of the Company are prohibited from accepting written or verbal messages for transmission or delivery.

Local Exchange Calls originating at public pay stations or telephones where it is necessary to deposit a nickel for each conversation are limited to five minutes duration and a charge of five cents will be made for each period of five minutes.

Subscribers to Party Lines are limited to five minutes use of the line at one time.

The Chief Operator will Furnish on request, new call numbers of subscribers not listed, and who have had service installed or of numbers which have been changed after this Directory was printed.

It is Impossible for Operators to give attention to complaints of trouble, therefore subscribers are requested to report any irregularities in their service promptly to the Chief Operator.

Ten Days' Notice for Changing location of telephones should be given. Subscribers are requested to report fully by letter any change in firm name or business, for correction in the following issue of Directory.

Bills for Current Months' Service are payable at the Company's Office by the 15th day of the month. Service is subject to suspension if payment is not made by that date.

Schedules of Rates in Force at each exchange are on file at the Manager's office and can be examined by applying to the Manager.

Non-subscribers will be listed in this Directory with residence address and telephone number if they reside where telephone service has been installed. A charge of twenty-five cents per month is made for this entry.

A Copy of this Directory is delivered free to every subscriber for use until the next issue, but the book remains the property of the Company. It is imperative that the current issue be always used to obtain correct call numbers.

This Company Assumes no Liability for damages arising from names left out of this Directory or from errors occurring in its compilation or printing.

Telephone Directories of the Principal Cities throughout the Country may be obtained by any of our subscribers wishing same, who will agree to pay the charges made by the issuing company. Prices and other information can be secured by calling the Manager's Office.

The Fire Department and the Police Department are always available by telephone. Tell

your story briefly, calmly and distinctly, giving your street address, and answer promptly any question asked by the Department called.

Patrons are Cautioned against the possible entry into their premises of Fraudulent Persons posing as Repairmen, Inspectors or Collectors. Employees of this Company, duly authorized to install, repair or remove telephones, or collect for service, are provided with proper credentials. Please guard yourself against any misrepresentation by asking to see these credentials.

Use of Foreign Equipment. The Company is responsible for satisfactory telephone service, it cannot permit the use of any equipment or other apparatus in connection with that furnished by it. Subscribers are cautioned not to purchase or use any equipment not furnished by this Company.

This Company Connects with the American Telephone & Telegraph Company, furnishing service to all of the important cities in the country.

Full Information as to classification of telephone toll rates—see following page.

Telegrams May be Sent over the wires of this Company, to or from Telegraph offices. The Telephone Company does not assume responsibility for the correct transmission of the messages.

Supervision by Private Branch Exchange Operators—The long distance operator is held responsible for the supervision and timing of all messages and for the character of the service furnished. Supervision of connections by Private Branch Exchange Operators interferes with satisfactory service, and such operators should not remain "cut in" on the line after the connection has been established.

Requests for Charges—If a patron desires notification of the amount of the charge on his message, he will save time by so advising the operator at the time he gives his call. If the request for such information is not made until the completion of the conversation, unavoidable delay results while the operator obtains the rate and computes the charge.

Report all complaints of long distance service to the "Long Distance Chief Operator."

For information not given above concerning long distance service, call "Long Distance Information Operator."

The Company Cordially Invites all users of the telephone to call at any Exchange for an inspection of the operating room and other interesting details of the business. The unique features of a Telephone Exchange are but little understood by the public at large, and observations by the subscribers often lead to suggestions, tending to the best results in the service.

# Telephone Toll Rates

Your attention is again invited to the advantages and economies which may be had under our present Toll Rate Schedule.

**"STATION TO STATION" RATE.** When a person makes a toll call without specifying that conversation is desired with a particular person, and the connection is established and conversation held, the "station to station" rate applies.

"Station to station" calls should be made by number wherever Telephone Directory information is available. Where this information is not available at the calling telephone, such calls may be made by giving the toll operator the name and address of the subscriber at the telephone called.

**"PERSON TO PERSON" RATE.** When a person makes a toll call, specifying that conversation is desired with a particular person or Private Branch Exchange terminal and the connection is established and conversation held with that person, the "person to person" rate applies.

As this service requires a greater amount of operating effort and use of toll circuits, the rate for such calls is about one-fourth greater than the "station to station" rate.

The "person to person" rate is computed on the day rate between the points involved, whether the call is made during the day or during the night, and the minimum charge is 15c.

**"REPORT CHARGE."** When a "person to person" call is made and the particular person desired is not in or will not talk, or when an exact telephone address of the particular person desired has not been given and he cannot be reached at a telephone within one hour, a "report charge" applies.

Such a charge also applies if the calling party is absent when the connection is completed within one hour, or if he refuses to talk.

If the connection is finally completed that day to the party called at the same city or to a substitute designated by the calling party no report charge is made when the regular rate is collected.

This charge is to cover compensation for the operating work performed and use of toll circuits, and is approximately one-fourth of the "station to station" rate.

In any case where a "report charge" applies, the minimum charge is 5c.

**"APPOINTMENT" RATE.** When the calling party in placing his call appoints a definite specified time at which he will talk on a "person to person" basis and the conversation is held at the specified time, the "appointment" rate applies.

The "appointment" rate is approximately one-half greater than the "station to station" rate.

The "appointment" rate is computed on the day rate between the points involved, whether the call is made during the day or during the night, and the minimum charge is 20c.

"Report charges" apply under the same general conditions as specified for "person to person" calls.

**"MESSENGER" CALLS.** When a call is made on a "person to person" basis and a messenger is required to secure attendance of the designated person at a public pay station at the distant point, the "messenger call" rate applies.

This rate is the same as the "appointment" rate for the same distance, plus any charge for messenger service.

The "messenger call" rate is computed on the day rate between the points involved, whether the call is made during the day or during the night, and the minimum charge is 20c.

Messenger charges incurred are to be paid even if desired conversation is not held.

"Report charges" apply under the same general conditions as specified for "person to person" calls.

**STANDARD TOLL NIGHT RATES.** The following reduced rates for night service on a "station to station" basis only are effective:

**8:30 p. m. to 12 midnight**—about one-half of the "station to station" day rate.

**12:00 midnight to 4:30 a. m.**—about one-fourth of the "station to station" day rate.

For the purpose of applying night rates, the time of day at the point at which a "station to station" message originates, is used.

The minimum night rate is 25c. Day rates apply on calls made at night when the "station to station" charge is less than the minimum night rate.

**"COLLECT" CALLS.** "Collect" calls are calls for which the charges are reversed; that is, are to be collected from the subscriber at the distant station at which the call is completed.

Such "collect" calls, or reversed charges are allowed only in connection with "person to person" calls.

## EXAMPLE SHOWING HOW METHOD IS APPLIED

Assuming the air line distance between toll points to be more than 144 miles, but not more than 152 miles, the following rates for service under the various classes offered would apply:

	Initial Period
"Station to station" rate.....	\$1.00
Completed "person to person" rate.....	1.25
Completed "appointment" rate .....	1.50
Completed "messenger call" rate.....	1.50
Plus messenger charges	
Report charge .....	.25
Rate between 8:30 p. m. and 12 midnight, "station to station" service only	.50
Rate between 12 midnight and 4:30 a. m. "station to station" service only..	.25

An estimate of the cost of moving such equipment will be  
furnished upon request

Note—Subscribers desiring their telephone moved, will fill out and mail or deliver this order and agreement to the Company at least fifteen days in advance and the change will be made as promptly as practicable.

## TO OUR PATRONS:

In an effort to make our service as complete and satisfactory as possible, we have made some changes in the size of type and the general style of this directory. These changes, which were made at the suggestion of some of our subscribers, in the interests of better telephone service, will, we hope, meet with your approval.

We thank you for your patronage and want you to know that the interests of this Company are best served when the patrons realize that we are operating the business of this Company in this State in such a manner that they may have confidence in us and feel that we have a real desire to co-operate with them.

# Telephone Rates and Charges

If there is anything about our service and rates you do not understand, telephone or drop in at our Commercial Office and we will be glad to explain our rate schedules to you in detail.

Wisconsin Telephone Company

# **Save Money on Your Long Distance Calls**

by using the Station-to-Station Toll Service.

It is quicker and will cost you less.

Full information is given on page 7 of this directory.

## **WISCONSIN TELEPHONE CO.**

# Right and Wrong Way

**F**ROM time to time subscribers complain that they cannot hear the party at the other end of the line. In some instances this is found to be the fault of the apparatus or of the lines, but usually such complaints are due to the failure of the party at the other end of the line to *speak closely into the transmitter*.

The cuts below show the right and the wrong way.

Please follow the "right" way when using the telephone and thus assist in making Our service the best telephone service anywhere.

The right way.

The wrong way.

## TELEPHONE PLEDGE

*I believe in the Golden Rule and will try to be as courteous and considerate over the telephone as if face to face.*

ESTABLISHED 1855

# OTTO PIETSCH DYE WORKS.

## WE SPECIALIZE ON HIGH GRADE WORK!

REPAIRING — RELINING

Ladies', Men's and Children's Garments

Non-crockable Velvet Collars

Cloth Covered Buttons, All Kinds, All Sizes.

Dressplaitings of every Description.

## We Reduce Housecleaning Worries!

RUGS AND CARPETS

Dusted, Scoured, Compressed Air and Chemically Cleaned. Dyed to harmonize  
with color scheme. Taken up, Fitted. Sewed, Sized and Layed.

Upholstered Furniture Cleaned.

LACE CURTAINS

Cleaned, Tinted and Finished.

Draperies, Portieres and Artistic Hangings

Cleaned or Dyed and Finished. Blankets, Comforters and Feathers Cleaned.

# THE BIGGEST WORD

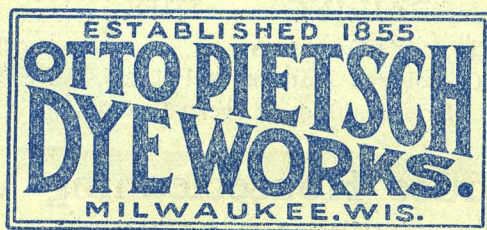

THE biggest word in the vocabulary of both women and men is clothes! Likewise, it comprises their biggest worry—and worry is one's worst enemy!

Why worry when we can eliminate the cause by keeping all of your garments fresh and new looking? Cleaning adds charm and length of life to materials.

**A**NOTHER service we can perform is on your garments that have become faded or where the color is no longer desirable. You can send these garments to us indicating your choice of color and thus bring added life and usefulness to garments that would otherwise be wasted.

Parcel-post or express shipments accompanied by your instructions designating work you desire will have prompt and careful attention.

**O**UR service will satisfy you as it is doing thousands of other customers throughout the United States.

## FRENCH DRY CLEANERS AND DYERS

Telephone Grand 4000

254-256 West Water Street

MILWAUKEE, WIS.

When sending garments you will confer a favor if you will mention this directory

# Safe Lubrication

New-process oil prevents many motor troubles—see your dealer

**T**EMPERED oil is the lubricant that withstands heat longest, that affords maximum protection to the motor, and that minimizes carbon troubles. Through the new low-temperature process by which it is refined, the charring, oil-destroying, excessive heat of ordinary refining is avoided. The native sturdiness of the parent crude oil is retained and strengthened.

Wadhams Tempered oil is refined in correct weights for every motor use.

## TEMPERED MOTOR OIL

One of the outstanding superiorities of Tempered Oil is its almost entire freedom from carbon. The carbon that does form is fluffy and non-adhesive. It blows out of the exhaust instead of hardening inside, and becoming a lasting nuisance and danger to your motor.

## TEMPERED TRACTOR OIL

The greater endurance of Tempered Oil means less danger from the intense heat of tractor motor operation and greater resistance to dilution from unburned motor fuel. A special brand of Tempered Tractor Oil is refined for Fordsons. (Ask your dealer for the "Trojan" brand.)

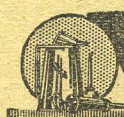

## The Famous Top-Tip Can

The Top-Tip Can is clean, wasteless, easy-pouring. It contains five gallons of Tempered Oil. The pressure of a finger tips the can on the pivot of its ingeniously designed shipping case. It pours a clear,

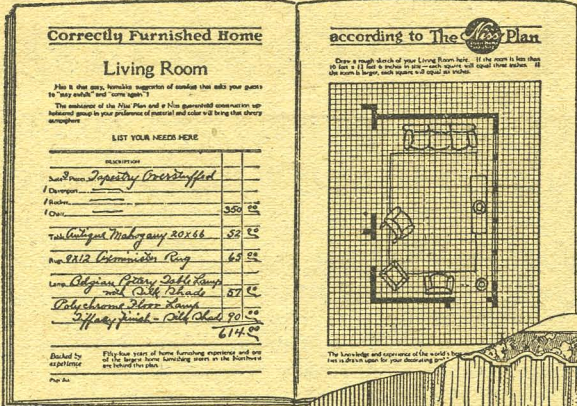

blurbless stream of oil without spilling or waste. In your garage at home, the Top-Tip can is a constant invitation to oil at the proper time and place, thus insuring longer car life.

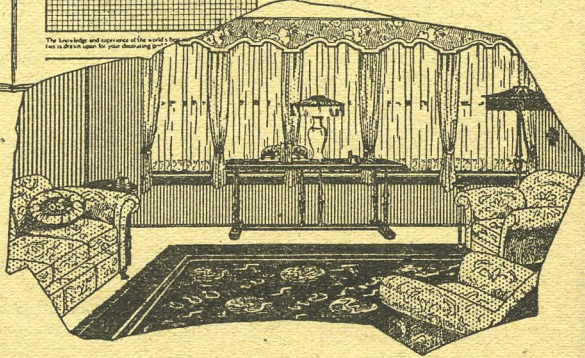

WADHAMS OIL CO. — MILWAUKEE  
"Emphatically Independent"

# This is the way to furnish your home —by plan

This Book — "Correctly Furnished Home" — is fully protected by copyright and Patents are pending on the methods of the Niss Plan.

The correct way to furnish a home is **by plan** for isn't that the way you also build a house? The architect and you first plan the house to be certain that it fits your needs and purse.

That is the copyrighted **Niss Plan** (patents pending) and it is based on the principle that a home furnisher can give you more intelligent assistance when he has a thorough knowledge of your home, and the location and size of each room; door and window. He can then fit your needs correctly.

With this knowledge he can suggest and place correct pieces (as shown in illustration) for the best arrangement and you are assured that they are of the proper size and according to your taste and purse.

Remember that you furnish a home but once or twice in a life-time—do it correctly.

If you want to learn what can be done in your home, write for the "Correctly Furnished Home" booklet.

## Selling Correct Home Furnishings Since 1867

# Your Tires and Tubes

One Tire or One Carload

Ordered from Us Will Save You

## 25% to 50%

Our Cords-Oversize — Overstrong, are cured on air bags, slower and more expensive, but the modern way.

Fabric Tires are big, hand made, generous Non-skids, with finest 17¼ oz. selected fabric used.

DO NOT confuse our line of tires with the so-called cheap tires offered at low prices. Using the finest of materials and curing them the modern way, 10 CARLOADS have gone into service on the most expensive cars and have found steady use on large fleet owners' trucks.

We are factory distributors for these tires. Our large volume brings down our cost of selling, and through this *direct selling to you*, we can *save you from \$5 to \$25 per tire*.

Your trial order will prove to you that we can save you 25% to 50% on HIGH GRADE TIRES.

MAIL ORDERS receive immediate attention.

## Heating Systems

Recommended by leading  
Architects and Builders.

—sold by reliable  
Dealers.

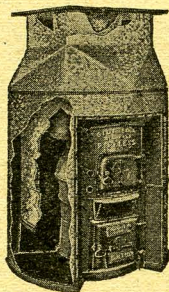

LIBERTY

**Y**OU want the most heat from the  
fuel you buy.

**Y**OU want the heat with the least  
“care-taking” attention.

**Y**OU want to feel sure you’ll be free  
from troubles.

—and if in addition we assure  
you that by installing

PIPELESS

**GILT EDGE** Furnaces  
or Boilers

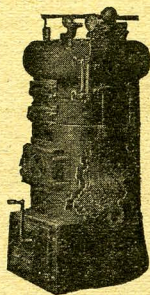

you can actually save  
in the amount of fuel .

consumed, then you’ll want to  
see our Dealer,—if you can’t

find a **GILT EDGE** Dealer

in your town, write to  
us and we’ll help you  
solve your heating  
problems.

**DEALERS** — write for our  
proposition if you’re inter-  
ested in “trouble - free”  
profits.

# BERTHOLD

## *The Better Washer*

### WHY YOU SHOULD BUY A BERTHOLD

Because it is of a cylinder revolving reversing type, has less units than any other make of machine, **No Oiling Required**, has no belts, chains or cranks, no moving parts exposed, all mechanism enclosed in a cast-iron casing, eight and twelve sheet capacity.

Buy a **BERTHOLD** for a quicker and more sanitary washing.

IF YOUR DEALER CANNOT SUPPLY YOU

# AGNESIAN MAR-VELLA

## WHAT IT DOES FOR ONE'S FACE

It closes pores that are large.

It draws out the blackheads and pimples that seem so hopeless.

It draws out the yellow and sallow look that seems so impossible.

It destroys freckles forever.

It refines coarse grained and over-oily skin.

It destroys brown patches and liver spots.

It tightens loose and flabby skin.

It tightens eye lines and sagging faces.

It removes scars and pock marks.

It removes white heads and the warty growth so often seen around the eyes.

It removes VACCINATION SCARS and the blue skin condition caused by certain medicine taken internally.

**Marvella Does all this and more. I am offering this preparation to the public on a money back guarantee. Mailed Anywhere for \$1.00.**
